2. Surname *

3. Institution *

4. Email *

Technical details of digitisation

5. Describe the facilities required (digitisation hardware, digitisation processes, cataloguing software, and preservation storage)

6. How will the project cost and resource each of these?

7. Preferred digitisation partners

For example: Libraries: UCT, Wits Digitisation Centre, Pretoria, Stellenbosch, UWC or commercial partners like Firstcoast or Deltalink. Please explain your choice, and where possible describe the facilities (Digitisation hardware, cataloguing software, and preservation storage)

8. Digitisation partner primary contact

Name and email address. Explain the status of this partnership.

9. Where and how will this material be hosted?

10. What are the plans for the long-term preservation of high-resolution images, and other large data formats?

11. Do examples exist – locally or internationally – of similar projects? And, if so, please describe them. Have you made contact with the project leaders?

Scope of the materials

12. Describe the collection and its significance

You may include information about * Number and current form of Pages / Objects / Sites * Number of bibliographic objects * Location / Holdings * Subjects covered * Time periods covered by decade * Geography covered by region * Form of digital objects

Standardised cataloguing software

A core goal of this programme is to produce accessible digital materials that adopt global cataloguing, publishing and preservation standards. This probably entails the use of variably standards-based software tools like AtoM, Omeka, Drupal or Dspace.

13. Explain how you plan to support the development of standardised content and your experience of specific software tools.

Enriching existing collections

14. How will this project diversify and enrich existing collections of humanities research materials?

Collaboration details

Inter-campus collaboration and resource sharing is an important criterion for funding.

15. Identify the collaborating projects. Please provide contact name and email, and explain the status of these partnerships.

Sustainability

What is the plan for the long-term sustainability of this collection?

16. Who, in other words, will pay for maintaining these resources when this grant is depleted? Have you secured their commitment to providing this support?

Budget

Bearing in mind that the total budget for this programme may not exceed R3 million annually over a period of four years, and that equipment purchases are excluded, please provide a budget that captures how you intend to spend the money, including the division of resources between partners, the main activities that are to be resourced and your planned spending over the four year period.

17. What is the project budget?

Upload a document

18. If you would like to upload a pdf of your proposal you may do that here (requires a Gmail account).

Files submitted:

19. Mark only one oval.
